

Enhance your school's curriculum with our **Center for Transportation Safety** —**CTS Driving Academy** CDL Training Program

CENTER FOR TRANSPORTATION SAFETY a commercial driver training service of Driving Dynamics

CTS Driving Academy

“ I wanted to write to express my gratitude on how much support we have gotten from CTS to grow our CDL program in Indiana. You have been great partners and we look forward to continue working with you to solve the state's CDL driver shortage. We have received nothing but positive feedback from our employer partners. Your flexibility and cooperation have been key to our growth. The engagement and support we have gotten from CTS with our employer focus groups, the Department of Workforce Development, and the Indiana BMV has been substantial on your part. Bottom line is we could not do it without you. ”

Aaron Baute, Vice President at Ivy Tech Community College

Comprehensive CDL Training Program for Educational Institutions

The U.S. needs over 400,000 new truck drivers per year and with more upcoming regulations that limit time on the road, truck driving continues to be a lucrative job market for new graduates and a sought-out curriculum for educational institutions.

Center for Transportation Safety—CTS Driving Academy™

Center for Transportation Safety (CTS) is the commercial motor vehicle driver training service of Driving Dynamics.

Through **CTS Driving Academy**, the academic training arm of CTS, we partner with educational institutions around the U.S. to offer an affordable, hands-on CDL preparation course that meets and exceeds federal standards for newly licensed drivers by the Federal Motor Carrier Safety Administration.

BENEFITS FOR YOUR SCHOOL

- Provide students a competitive advantage through in-demand job placements
- Access to increased revenue / funding opportunities
- Offer differentiating curriculum
- Become the solution for current commercial driver shortages in your community
- Develop strategic partnerships with local businesses in need of CDL holders
- Acquire the value of an established Motor Carrier

CONTINUED SUPPORT TO ENSURE SUCCESS

Since 2014, Center for Transportation Safety—CTS Driving Academy has maintained a 100% passing and job placement rate.

- Through our program, institutions can offer students:
- Four-to-one, student-to-instructor ratio over a 160-hour course
 - Instructors with over 10+ years of safe driving experience

The course consists of comprehensive classroom lessons and behind-the-wheel training conducted on site at your school. Through Center for Transportation Safety, Driving Dynamics manages:

- DOT Motor Carrier Licensing and Compliance
- Instructors and Administrative Personnel
- Equipment
- Required Insurance

Once the program is adopted, we:

- Work with partners to coordinate classroom facilities and secure locations for vehicle skills training
- Place an application with the necessary state entities responsible for certification.*
- Assist in establishing the enrollment process
- Obtain requirements for all new drivers with the Department of Transportation and the Federal Motor Carrier Administration

**Where applicable – Certification processes vary*

OUR EXPERIENCE

For more than 20 years, through the Center for Transportation Safety, we have offered high-quality CDL driver training services to educational institutions and corporations. Our experience and industry connections ensures that participants of the course receive the best training with employment opportunities immediately upon completion.

- **A few of our current partners include:**

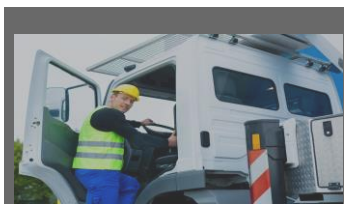

ABOUT DRIVING DYNAMICS

We are a leading provider of driver safety training and fleet risk management services throughout North America. In business for more than 30 years, our behind-the-wheel, eLearning and simulator training and driver risk programs are based on sound research, proven learning methodologies and expert instruction.

Through our business lines we offer comprehensive services for fleet professionals and drivers of passenger vehicles through heavy-duty trucks.

- **DriverAdvantage™**—light-medium duty behind-the-wheel training
- **Center for Transportation Safety™**—commercial motor vehicle driver training services
- **DrivActiv™ Online**—digital driver training and risk services.

Learn how you can add the CTS Driving Academy program into your school's curriculum?
